BMW Collection. DESIGN PHILOSOPHY.

DESIGN AND FUNCTION.

Self-confident style.

The BMW Collection stands for modern, elegant and functional urban fashion. First-class and long-lasting quality meets timeless design. In a world of continuous development, the BMW Collection offers minimalist and intelligently designed products. Simplicity that is full of ideas and suits those who are always on the move. The collection is complemented by accessories and lifestyle products created in cooperation with first-class premium brands.

Special themes of the collection:

Variety and character.

Strong, harmonious colours underline a modern self-confident style. In addition to discreetly elegant colours such as sand or midnight navy, the trend colour orange ensures an expressive look.

Simplicity: the beauty of simple.

The design quality of this collection lies in its reduction to the essentials. From the colouring, to forms and functions, to the branding: minimalist and solution-oriented products ensure freedom in everyday life. They flawlessly serve the simple pleasures of life.

Strong design cooperations.

Distinctive BMW design combines with the unmistakable style and perfection of other major brands. Montblanc creates exquisite writing instruments, luggage and the finest leather goods for BMW.

The high-quality patterns and embossing are inspired by the design of the BMW vehicles. Other cooperation partners are Kartell and Horizo.

Urban sportiness.

You don't move anything if you don't move yourself: the products of the BMW Collection come in a sporty design and fit perfectly into an independent, individual lifestyle.
